Since we announced the Bristol Store closure, we've been talking to customers and stakeholders. This included vulnerable and potentially vulnerable customers. We want to limit the effects of the closure as much as possible.

This review shares the outcome of the talks. It also contains our contact info if you have any questions or need help.

Why we're closing your Store

More and more customers are taking advantage of our digital services and only visiting Stores when they want to discuss a significant life event. As a result, customers are coming into our Stores much less.

It's important to balance investment in digital with making sure our Stores continue to meet customers' needs. This means we've made the difficult decision to close a number of Stores.

We want you to know that a lot of thought and analysis has gone into the decision.

Just so you know

When we announced the Bristol Store was closing, we published an impact assessment. This provided more info on our decision and how customers could continue to make the most of our services. Head to virginmoney.com/store-closures or ask in Store to find out more.

We've shared the closure plans for this Store with LINK, the UK's cash machine network, and it has been decided that no additional services are required in the area.

Engagement with customers and the community

Stakeholders	Engagement activities	Additional notes
Customers	Store posters and leaflets	Live from 21 July 2023.
	Closure details on our website	Available at virginmoney.com/store-closures
	External media	Announcement issued to national and local media outlets on 20 July 2023.
	Direct mailing / email	<p>A letter or email, 24-hour banking leaflet and Post Office services leaflet sent on 24 July 2023. This was issued to all Store customers and customers regularly using the Store.</p> <p>The mailing included info on the Store closure and all the other ways to bank. This provided customers with a minimum 12 weeks' notice in line with the UK Finance Access to Banking Standard and Financial Conduct Authority (FCA) Guidance.</p>
	Customer contact	<p>We're contacting known vulnerable (and potentially vulnerable customers) to see how we can support their banking needs after the closure. We'll talk to them about their circumstances and the ways we can help. This may include arranging a meeting with the nearest Store Manager or walking the route to the nearest Post Office with them.</p> <p>All customers can attend digital banking sessions either in Store, at a local library or remotely when requested. One Store session has already taken place on 6 September and 2 more are scheduled for 27 September and 18 October 2023.</p> <p>Commercial and Private Relationship Managers will talk to their customers and make sure they have support to meet their banking needs. Corporate Structured Finance Managers will do the same. For example, we may be able to set up a cash delivery service for some of our Business customers.</p>
Customer support groups	Email	Email sent to local Federation of Small Businesses; Regional Chamber of Commerce; Age UK and Citizens Advice on 21 July 2023.
Politicians	Email	Email issued to local MP, MSP and local Councillors 20 July 2023.
Post Office	Meetings	Following discussions of the closure with the Post Office, they're contacting the nearest three Post Office branches to each closing Store. This is to make sure they're aware of the closure.

Customer feedback

We've received 0 complaints however some customers have raised concerns over the closure of the Store. We've been speaking to these customers about their personal circumstances and provided them with info on alternative ways they can continue to bank with us. We're confident that the transfer of accounts to the new Store will be smooth.

Community feedback

We are considering the impact the closure of this Store has on the local community and speaking to organisations in the area. For example, support groups for the disabled and elderly, large employers (where we have a lot of customers) and businesses that bank with us daily.

- > There are other free ATMs in the area.
- > Bristol has a number of other banks within the city including Curtis, Lloyds, Co-op, Nationwide, HSBC, Halifax, NatWest, Metro, Barclays and Santander.
- > Everyday banking – customers can do most of their everyday banking via mobile, internet and telephone banking. This includes balance checks, viewing transactions, transferring money, paying bills and cancelling / amending regular payments. They can even pay in a cheque on the go.
- > External payments – customers can also use our mobile apps to make external payments via a few different options. We're continuing to invest in our digital banking services.
- > Post Office – the local full-service Post Office (nearby on Broadmead Gallery) gives personal and business customers another option for their day-to-day banking. For example, withdrawing and paying in cash, depositing cheques and paying bills.

Outcome of engagement

Lots of thought and consideration went into the decision to close Bristol. Following this, local engagement has confirmed there are no other impacts beyond those considered during the decision. The availability of digital services and other ways to bank locally means customers can continue to manage their money after the Store closure. As a result, the Store will close as planned on 1 November 2023.

Doing it as standard

On 11 October 2022, the Financial Conduct Authority (FCA) introduced new standards which we'll also follow. For more info, head to www.fca.org.uk/publication/finalised-guidance/fg22-6.pdf.
